

# Dodge Cosmetics Color Guide

Please note: The color samples shown indicate the color of the cosmetic *in the jar*. In the case of opaque cosmetics, this is also the color you'll see when the cosmetic is applied to the skin. This is not necessarily so for translucents. Kalon Cream Blonde, Pink, and Deep Flesh are three shades which do *not* look the same in the jar and on the skin. Blonde, for example, is not at all orange when applied; it simply imparts a warm flesh tone.

Also please understand that some of the colors shown here will be imperfect reproductions of the colors of the cosmetics. This is a function of the limitations of modern four-color printing. Nevertheless, those shades that are imperfect (perhaps 15 percent of the colors shown) will serve as reasonable guides. The poorest matches are still *relatively* close.

## Kalon Cosmetics

### TRANSLUCENT CREAMS

	Cat. No.	Shade	Size	
	620054	Blonde	2 Oz.	
	620070	Blonde	14.5 Oz.
